**New MVT churches in North-eastern Thailand.**

**All praise and glory to God!** 5 new churches were planted over the duration of 7 months this year in North-eastern region of Thailand or the Isaan region as it is called.

MVT would like to thank God for His leading and provision. Our focus this year 2022 is on church planting in North-eastern region of Thailand.

Isaan is Thailand's largest region. This region has 20 provinces with a population of about 22 million people. North-east Thailand is one of the most unreached areas in the country. Less than 0.1% of the population in this region profess faith in Christ. There are so few Christians because it's hard for people to overcome the influence of Buddhist beliefs in the community. It's their norm. People go to temples and their activities revolve around 'religion.' Isaan is rich in cultural standards built off religious influences of Buddhism, Brahmanism, and Animism. This combination results in unique local beliefs and traditions that incorporate worship of the Buddha, nature spirits, and ancestral spirits.

**Prayer points for North-eastern Churches Isaan district:**

- 1) To be led by the Spirit of God to minister the salvation message of the love of Jesus in their communities.
- 2) Power of the evil one to be broken and the scales that blind the people's eyes be removed.
- 3) God raises up committed believers and leaders in each of these churches to support the pastors and the ministries as they reach out into their communities.
- 4) God's protection upon the believers, pastors and their families.
- 5) God's provision for the churches, and provision for families in need in their community. **Hallelujah!**
