MVT home: <https://mvthailand.org> --- Welcome to MV Ban Muang Church

Sakhon Nakhon Province
North-eastern Thailand

Introducing, Pastor Samson...

At the age of 67, Pastor Samson has re-dedicated himself to serve at MV Bang Muang Church since it started in June 2022.

Alongside with his wife, he is blessed with a son, a daughter, and one grandson. Pastor Samson was born into a Christian family. When he was a young man, he received a divine calling from the Lord to serve Him. He embarked on a year-long journey of Bible study, and upon his return, he took up the role of an assistant pastor and many years later became a pastor. He has continued to faithfully serve the Lord to this day.

Some specific needs within our community...

The community in Ban Muang needs to learn about the truth of Jesus, His salvation, and His love.

Dealing with dark spiritual influences, many of people still follow after animistic beliefs and worship created entities like trees or stones rather than the creator God.

Many of them in their community, especially the younger individuals, are addicted to drugs. We seek believers to share Christ's salvation, love, and hope for their futures.

Also, there are numerous needy families with babies as well as the elderly who need practical help and care on a regular basis.

The reality of our vision and church ministries...

Every Sunday, we have a church service.

We also meet at members' homes to study the Bible together.

We also visit the sick, sharing the message of Christ's salvation and healing. We help children in the community by providing school supplies like shoes, school bags, and clothing.

MV Ban Muang church, and their community Prayer requests...

 Please pray for our efforts in evangelising the local community and for unity among our church members.

 We need to find suitable land to construct our own place of worship. As well as the freedom to share more amenities and resources with the community.

 Kindly pray for good physical health and well-being for the church families. So they can continue to serve God faithfully, and clearly express a worthy lifestyle by example.
