Pastor Somkiat Kaewjua

MV LAM THAP CHURCH

Krabi Province, Southern Thailand

Testimony of God's Hands at work in MV Lam Thap Church

Hello, my name is Somkiat Kaewjua. I am 44 years old. My wife's name is Sirinthan Kaewjua. We have 3 children; a daughter, who is 17 years old, two sons, who are 15 years old and 7 years old. I grew up in Krabi Province and my wife is from Chiang Mai province. We have been married for 21 years.

I work as a rubber tapper and serve God as the shepherd of MV Lam Thap Church. I have been serving God full-time in this church for the past 5 years. What is most significant about serving God in this church is witnessing people come to believe in the Lord Jesus Christ. And, to receive support and relief through the MV Thailand ministry

Testimonies to God's handiwork in this church

- There are those in our community who firmly believe in faith and are baptized and choose to follow the Lord Jesus Christ.
- Various church caring ministries where we can share God's love with people in our community.
- Seeking out people in Lam Thap District to come back and believe in Jesus Christ as their Lord and saviour.
- Sirinthan and I are striving to find ways to reach out and share God's love with the people of Lam Thap District and nearby communities.
- ★ We are actively reaching out to the young people through music.
- ★ When the need arises mothers and infants are cared for (this ministry needs more funding and resources to be effective).
- ★ We also have regular children's teaching sessions and youth gatherings every Saturday.

Prayers for specific needs for the church and community in Lam Thap

Lam Thap Church land and building for the Future!

Church Land - We hope to have our own land for the church to use and benefit the community. Setting up various ministries such as sports activities, career promotion and training, as well as farming on the land. So that the resulting produce can be distributed to people in the community.

Church Building - We currently must rent a building which costs quite a bit each month. And many times, we had to relocate because the owner gave it to another tenant who paid better rent.

If the church has its own land and building, we could build and provide a better future for many. As well as care better for those in need. Currently my family do not have our own home

Financial support for various ministries

Due to most of the church members poor living standards and that income earning remain unstable, we therefore pray for financial support and resources. So that the ministries can continue to run effectively and further help the community break free from their poverty

Thank you for everyone who is partnered with us in prayer and support for MV Lam Thap Church and our community. AMEN!

"May the Lord our God bless you all!"
