

Making Disciples within local communities to strengthen their Local Churches

Mission Ventures Thailand Bible Institute

Mission Ventures Thailand Bible Institute (MVTBI) was established to equip believers, church leaders, and ministry workers—especially in rural areas in Thailand – with biblical knowledge, discipleship,

and practical ministry training so they could faithfully serve their own churches and local communities more effectively.

MVTBI offers two certificate programs: Certificate of Christian Ministry (CCM) and the Certificate for Christian Leadership (CCL). Currently, about 80 students are enrolled, in 2026. The first 23 CCM graduates completed their studies and returned to serve in their local ministry fields.

More than providing theological education, MVTBI emphasizes spiritual growth, life transformation, and raising up local believers who understand their communities better and can effectively share the Gospel and strengthen the local church from within. The institute welcomes believers of all ages and seeks to make biblical education accessible by reducing financial barriers for those with limited resources.

Through equipping local disciples and leaders, MVTBI is helping build stronger churches and advancing God's mission across communities throughout Thailand.

Sharing from brother Piyasak, about his discipleship training with MVTBI

MV BANG KHAN CHURCH, South Thailand

Thank you God! For choosing me and giving me this opportunity to study in the Certificate of Christian Ministry (CCM) course. This course has been a great blessing to my life, my faith, and my ministry.

Through this course, God has changed my life by giving greater knowledge, understanding, courage, and be more passionate in my heart for sharing the Gospel and serving Him. I have become more eager and active in ministry. God has also helped me recognize the gifts He has given me and has taught me how to use them for the benefit of God's ministry, the church, and my family.

One important thing I received from this course is a deeper understanding of the Bible. Now understand more clearly the background, content, time, place, and context of Scripture. Also, have a better understanding of the differences and connections between the Old and the New Testament. It has helped me understand more deeply why Jesus Christ came into the world, why He suffered and shed His blood for all and what He commanded His followers to do, especially the command to share the Gospel with others. In addition to biblical

knowledge, I also gained valuable experience through this course. I had the opportunity to know more brothers and sisters in Christ from different places.

I received valuable knowledge and encouragement from the teachers, the team, and my fellow students. We were able to share our understanding and ministry experiences with one another. This encouraged me, strengthened me, and gave me renewed energy to continue serving God. Another important blessing is that I can now take what I have learned and share it with the brothers and sisters in my church, so that we may grow together spiritually. This course also helped me build closer relationships with brothers and sisters from other churches. When we join camps or ministry activities together, we are able to adjust to one another more easily, serve without shyness, and work together in unity for the Lord and for the work of God's Kingdom.

There are many more blessings and experiences I received from this course, more than I can fully write down. I am truly thankful for everything God has done in my life through this learning experience.

Finally, I would like to express my sincere thanks to MV Thailand for providing this course. I also thank all the teachers, the ministry team, and all the students who were part of this journey. Through this course, I have received much knowledge, experience, encouragement, and spiritual growth.

I am committed to using all that I have received for the benefit of God's ministry and for the work of His Kingdom in the future.

**Nong Bua Lam Phu Province,
North-eastern Thailand**

MV NONG BUA LAMPHU CHURCH

Pastor Jirroj of MV Nong Bua Lamphu Church had the opportunity to organize a restoration and encouragement activity for youth undergoing rehabilitation. The purpose of this outreach was to help these young people recognize the value of their lives and find hope for a new beginning.

Through the activities we shared together, including conversations, encouragement, relationship-building, and the sharing the love of the Lord Jesus Christ, the youth were able to experience that they are not abandoned or alone. They were reminded that there is a God who loves them, cares for them, and is able to lead their lives towards "true transformation!".

We thank God for this opportunity to serve these young people, and we are grateful to every donor who has supported the ministry of MVT.

Your partnership enables us to bring the love, hope, and the Gospel of our Lord Jesus Christ to those who are in need of restoration in their lives.
